Come to know your faculty, the staff, and administrators, use all the facilities and services at your disposal to enrich your education. ASB LOGO:

The Associated Students have, in their desire to communicate the nature of the Mount and the students' vital role and identity within the Mount, commissioned the designing of a logo. We believe this logo reflects the tradition of the Mount, which tempers, gives direction and context to our, the students, search for truth, discipline and meaning. It is the students who help give life to new and not-so-new ideas, who seek to grow and develop within the Mount's environment while seeking to expand and broaden the experience and meaning of the Mount.

The Dove, in its free, graceful form reflects the spirit of the Mount and its students. Freedom in form, thought, discovery and action are essential in giving meaning to the person, who in her/his search gives meaning to her/his world, her/his times.

For more information concerning the logo and its use, please contact Cathy Vallejo, Sr. Mary Pat Sullivan or any ASB Officer in the ASB Office on the main floor of the Administration Building.

FINANCIAL AID BRIEF:

A copy of the research study conducted last year on financial aid recipients at MSMC was requested by and sent to Congressman William D. Ford, Chairman of the Committee on Education and Labor and Subcommittee on Postsecondary Education. Some excerpts from his recent letter: "As you noted, there are some who believe students receiving aid in the form of outright grants have a poorer attitude toward school than those receiving a combination of grant and loans. I have never felt this was so, and I am please that your study helps to dispel such a belief. Information contained in a study such as this will be particularly helpful in assessing the federal student aid programs during re-authorization of the Higher Education Act in the next Congress".

YOU IN THE NEWS:

Many MSMC students are being "in print" in a number of the area newspapers--being recognized for academic or service organization memberships, for being accepted into college or special programs, for being on the dean's list, for graduation, etc. However, this press release about you and your achievement is not given to a newspaper unless we have on file your "Press Relations Card"--a 3 x 5 card issued to you by the Admissions Office when you are accepted into a college program. So here's a second chance for students whose names appear on the list (for whom we have no card) posted on 4th floor Humanities. Visit the Admissions Office of your campus, request a new card, and return it to the switchboard or the mailroom. WE'RE HAPPY TO PUT YOUR NAME IN NEWS--OFTEN!

FINANCIAL AID BILL

Congress passed the middle-income student-aid bill and cleared the Labor-HEW appropriation measure which contains funds to start paying for it in 1979-80. This bill provides for a \$1.3 billion annual expansion of existing student-aid programs in order to reach students from middle-income families. It would make about 1.5 million more students from families in the \$15,000 to \$25,000 adjusted income range eligible for BEOG. It also expands SEOG and College Work Study Programs significantly so more funds will be available for middle-income students.

earlier in October.

The rules and regulations that will guide you in your challenge matches as you attempt to ascend the ladder will be available in boxes marked Tennis in the Office for Student Development and on top of the mailboxes in the Campus Center. The beginning positions were randomly selected. They are not permanent! The Career Placement office located on the porch of the Humanities building, has received a supply of "summer jobs" brochures listing opportunities in the Federal Government. Interested students may pick up a copy while the supply lasts.

OFFICE OF EDUCATION:

The U.S. Office of Education is conducting hearings on the new guidelines for Title III. The Mount is hosting the hearings on the west coast and we will be having representatives from colleges and universities in the West with us all day on December 11, Monday, for the hearings. They will be using the Little Theater all day. As usual, parking will be a problem. We ask that you pool transportation on that day if possible. This meeting is good exposure for the Mount--especially if the human dimension is as gracious, supportive, and helpful as the buildings are beautiful.

FINANCIAL AID INFO:

The Student Aid applications for California have arrived. These forms will be used for both new and renewal financial aid. The form is a combination of (1) financial statement (2) application and (3) BEOG application. All Mount Students receiving aid funds through the college must renew their applications. Cal Grant A and B recipients will receive their forms in the mail from the California Student Aid Commissions.

To be eligible for financial aid at MSMC, you must (1) complete the Student Aid Application for California after January 1, 1979 and submit it to CSS for processing/requesting that a copy be sent to MSMC code #4493 (2) apply for Basic Grant (BEOG) and (3) send a copy of your parents and/or your signed 1978 income tax return 1040 or 1040A to the Financial Aid office.

Brochures explaining all programs available at MSMC can be picked up in the Financial Aid office H317 and H319. DEADLINE FOR RECEIPT OF ALL FORMS FOR RETURNING STUDENTS APPLYING FOR FINANCIAL AID FOR 1979-80 IS APRIL 1, 1979.

UNITED WAY CAMPAIGN:

This is United Way Campaign Week. If you haven't already read the posted materials, please do and respond to the request of volunteers helping to collect. Thank you.

STUDENT EMPLOYEES:

If you work during the week of December 10, 1978, please be sure to turn in your time card before you leave for the holidays. Checks for that period will be available January 2, 1979. If you are going to work during Interterm, come to the Business Office for a time card after you return from Christmas vacation. Time cards will not be distributed for the period between December 24 and February 5, 1979.

ATTENTION SENIORS:

An important Senior Class meeting will be held on Wednesday, December 6, 6:30pm in the Rumpus Room. The agenda will include discussion of social night and graduation info. Meeting will be short!

CHRISTIAN FELLOWSHIP: "Go therefore and make disciples of all the nations. ." (Mt. 28:19)
What does this biblical passage mean today-especially to committed Christian students? to find out, YOU can be a part of the Student Conference on World Evangelization-SCOWE! SCOWE (skou'we) is designed to personalize the Great Commission to Christians through information, inspiration, and practical implementation. International speakers, seminar leaders and mission agency representatives will be on hand January 19 and 20 at the U.S. Center for World Missions in Pasadena. A registration fee of \$12 will cover meals, housing and the purchase of three exciting books on the subject of missions. Deadline for registration is January 12, 1979. See Cindy Burns - 5E2.

SCIENCE MAJORS: For the biology student whose punnett square has lost its edge, the chemistry student tired of battling the intermolecular forces and the math whiz whose integrals all seem undefined-UNITE! Don't miss the all science Christmas party. This pre-finals bash will be held in A-11 on December 8 from 12 to 1pm. Please volunteer your talents of cooking, set-up or clean-up by signing the sheets in A-11. A variety of goodies and a unique program promises to lift holiday spirits and better acquaint all. Don't be a recessive gene, a radical ion or a square-just be there!

RUNNERS-WALKERS: You may have noticed the trampled grass along San Vicente runway or the traffic jams on the roads, that running has exploded in this country and has even sparked an interest in many students and faculty here at the Mount. Whether running or walking, the attempt to move gracefully over the land is not only an excellent form of exercise, but is also convenient and economical! There are those dedicated runners who slosh through rain, plow through snow, or cross scorching desert in temperatures above 100 degrees-to keep fit. Running, though it may sap the energy, will not drain the pocketbook. Only the barest essentials, shoes, shirt and shorts are needed. There are those hard core characters who are tough enough to run even without shoes. To help facilitate and encourage the delightful art of running, Recreation has invested in a subscription to "Runners World" magazine. Each month this magazine provides inspiring tales of motivated runners; the nine year old boy who recently completed a 50 mile race, or the 78 year old man who runs at least 20 miles a day! Not only that, he swims across the icy San Francisco Bay, even in winter. Brrrr! There are stories of world records broken by women and men plus a health section and helpful advice geared toward everyone interested in running. This magazine, available to you, is located in the ASB office and is available for checkout for a period of three days. Read and then join the Runners World!

A brand new leather outdoor volleyball is also available for checkout at the Residence desk. Warm up those icy, stiff fingers with the cushiony comfort of a leather volleyball! Yeah!

To set the foundation, background reading selections will be from British and American authors, both male and female. Because of this broad base, the course has been approved for Humanities fulfillment.

FINANCIAL AID INFO

The passage of the Middle Income Student Assistance Act (P.L.95-566) will make more than one million additional students eligible for financial aid in 1979-80. It is estimated that 80% or more of college students will be eligible for some type of aid. Because of the many changes in formulas, percentages and regulation, WE URGE YOU to apply for aid for 1979-80. The only way to find out if you qualify is to go through the application process. Income ceilings and limits can be deceptive because of the many facets considered in determining need.

The main areas affected by this bill are:

Basic Educational Opportunity Grant (BEOG)

1. Allowable Family Income Level raised
2. Formula for Independent students changed drastically-many independents will be eligible for basic grant now.

Guaranteed Student Loan (GSL) - formally Federally Insured Student Loan (FISL)

Income ceiling for determining eligibility removed. Applications no longer require family financial information or parents and/or spouses signature. A needs analysis is no longer required for a Guaranteed Student Loan ONLY. (This is now in effect for Spring 1979 as well as academic year 1979-80. Students already packaged may apply for Spring, but the total aid received may not exceed total student budget.) Loans are still subject to lender approval.

Applications and information are available in the Financial Aid Offices.

We wish to extend our deepest sympathy to the family and friends of Christine Brummett, first year nursing student at Doheny. Her sudden death left all of us very sorrowful.

STUDENT BULLETIN

This will be the last BULLETIN for the year 1978. The Office for Student Development hopes all have a pleasant and restful holiday and we will see you in the New Year.

DANCE REVIEWS

Los Angeles Times Monday, September 11, 1978: UCLA Schoenberg Hall
Six companies performed during the final two evenings of the Los Angeles Dance Festival over the weekend offering everything from ancient Korean ritual to Vegas-style jazz numbers.

The best dancing occurred on Friday when Tandy Beal and Ron Taylor presented two solos and a duet from Beal's "Desert Voices."

San Francisco Chronicle Tuesday, March 8, 1977: At the Palace of Fine Arts
Tandy Beal's Stylish Blend of Modern Dance and Mime
Beal does make bravura use of the body, and does it with great wit, style and reflection. She filled the stage with writhing, chameleon-like grace. Beal seems to grope for statements about human relationships, the loneliness, the joy, the despair and alienation that are tantamount to living. This was a class event. You will be hearing about this group again.

The Fine Arts Museums of San Francisco January 12, 1978:
The varied range and visual/emotional strength of her performance appealed to, and was understood by the "initiated" as well as the "uninitiated" dance audience. From the museum's point of view, Ms. Beal's presentation was a significant first step in an attempt to integrate the visual and performing arts. That is also served to create an increased awareness and appreciation of dance among our visually oriented audience is obvious by the number of responses and inquiries that we continue to receive.

Tandy Beal is a talented artist making a unique and significant contribution to the field of dance. She brings a warm and personal professionalism to her work, and performs with a commanding, yet delightful presence.

Los Angeles Times Monday, February 20, 1978: Tandy Beal Troupe Performs at Golden West College
The dance theater of Tandy Beal is essentially an exciting exploration of both kinesthetic source and significance. From her experience as an Alwin Nikolais dancer, Beal has learned how to isolate movement components in discrete units. From her background in managing Asian dance companies for the American Society of Eastern Arts, she has gained a sense of dance as primal ritual. Thus her approach to choreography represents a search to discover basic, immutable principles of motion, as well as an attempt to connect the unassimilated variables in a wholistic rite.

It is a worthy instrument for someone who just may prove the most brilliant young dancer/choreographer working on the West Coast.

BUSINESS LUNCHEON:

The Business Department is hosting a luncheon for approximately 70 high school teachers and counselors on Friday, January 19th, from 1:00 to 3:00 pm. For the convenience of our guests, we have

arranged to close the Campus Circle so that they may park there when they arrive. During Interterm, Fridays are not usually busy days so we are hoping that you will not be inconvenienced. Thank you for your cooperation.

DOHENY FILMS:

During Interterm, films are scheduled on the Doheny campus. All films will be shown at 9:00 am in Room 207, Building 4, unless otherwise posted.

They sang for the International Society of the Philharmonic, the ARCS Foundation Christmas luncheon at the Music Center, the Assistance League of Southern California, and for the Christmas meeting of the Women's National Arts Society at the Founders Room of the Music Center. We would like to congratulate Mr. Davies and the dedicated choir members for the public relations dimension they contribute.

All autos parking on campus property must be registered and display a valid parking decal. Registration of the automobile will authorize the owner to park in a designated area (see parking regulations), but does not guaranty a parking space.

The cooperation of everyone would be greatly appreciated. We certainly do not enjoy writing parking tickets or towing automobiles off the campus. Parking tickets are payable in the Business Office within 3 days. If not paid by then the parking privilege is subject to withdrawal.

Speeding on campus property will also result in tickets; all speed limits will be enforced as posted.

FINANCIAL AID INFORMATION

At the January meeting of the Financial Aid Advisory Committee a new definition of "Satisfactory Progress" was proposed for Financial Aid purposes at Mount St. Mary's College. This new definition has now been approved by Sister Magdalen and becomes effective February 1, 1979.

Satisfactory Progress

To be eligible for renewal of financial aid a student must be eligible to re-enroll as determined by the appropriate academic office.

Dismissal

A student is subject to dismissal for the following reasons:

1. Failure to maintain a minimum GPA of 1.0 during any term.
2. Failure to maintain a minimum GPA of 2.0 during a probationary term.

The Academic Deans have the power to dismiss students and to suspend dismissal. They may also recommend that the Admissions Committee reinstate a dismissed student on a probationary basis.

The Commissioner of the U. S. Office of Education, under a Congressional mandate, is required to report on the status of the student financial assistance programs which have been established. As a result, the Office of Evaluation and Dissemination (OED) of the Office of Education has undertaken a comprehensive study of the program management procedures in the Campus-Based and Basic Grant student financial aid programs. The purpose of the study is to determine the impact of existing institutional and Federal operating procedures on the achievement of program goals.

As part of this study, OED, with the assistance of Applied Management Sciences, Inc., of Silver Springs, Maryland, has embarked upon a detailed examination of program procedures employed in a nationally representative sample of institutions of postsecondary education. In a random drawing, MT. ST. MARY'S COLLEGE was selected to participate in this landmark study. As such, your participation is essential to the successful completion of this study, and we respectfully ask for your assistance.

A team of interviewers will visit MSMC on February 14th and February 15th. A random sample of 124 students (both with financial aid and without financial aid) have been mailed cards advising them that they have been selected to participate in the study. Interviews will be conducted on Feb. 14th between 11am - 1pm in H201 and on Feb. 15th between 10am and 1pm in H305. They will take approximately one-half hour, for which the students will be compensated in the amount of \$3.00 for their time. Interviews will also be held with the Financial Aid Office, Business Office and the Registrar. Again, your participation is essential. Mary Ann O'Brien, Director of Financial Aid is the on-site Coordinator for this study.

ASSOCIATE DEAN
FOR ACADEMIC
DEVELOPMENT

(213) 476-2237

I'd like to express our sincere thanks to the students who assisted in our two pre-registration and registration periods January and February. They were a great assistance to the faculty, to the Registrar, and to their fellow students by donating their services for this activity. We very much appreciate their kindness, their generosity, and their expert assistance.

I am happy to be able to announce that for all current Mount St. Mary's College students, as well as all incoming students for the fall of 1979, the tuition per unit for the summer session of 1979 will be at the reduced rate of \$50.00.

We know that many of you have very tight academic schedules throughout the year and are in need of summer school classes in order to continue making steady academic progress. In light of the fact that Proposition 13 will probably be closing down a number of colleges where many of you planned to attend summer school, and recognizing the inability to stretch financial aid into the summer months, we extend this opportunity to you to continue your course work at MSMC during the summer.

I am sure many of you will want to avail yourselves of this opportunity. In January tentative copies of the summer offerings were distributed on campus; if you were not able to obtain a copy then, or are in need of a copy now, a limited number are available in the Associate Dean's office. Within the month the full summer bulletin will be printed and available.

Program schedules will be posted this week indicating the time and place of each session. The Office for Student Development urges all interested persons to investigate these opportunities. Drop by the Office on Humanities Bldg. Porch to sign up for one or more workshop. After all--it's your choice!

From: Sister Patricia Mary Dugan of the Advisement Center to be
Re: Course Selections for Fall--Interterm--Spring 1979-80

If you are returning to Mount St. Mary's next year, you will have to make an appointment with your advisor to complete the necessary forms for making your course selections for 1979-80. This advisement period will be from April 26 through May 10.

The procedure for course selection is really very simple.

- 1) Course selection materials will be ready in the Registrar's Office on April 26 (not before). Pick up your own packet.
- 2) Read all the materials so that you will know the procedures before your appointment with your advisor.
- 3) Know all the requirements you have fulfilled for your major and general studies.
- 4) Know the requirements that you will have to fulfill and check the courses to be offered during 1979-80. Make some decisions about what you can realistically complete during the year. (Seniors, be aware of what you must complete.)
- 5) Perhaps you will notice that you will have time to take a course that you have always wanted to take. Work out options to present to your advisor.
- 6) Keep your appointment with your advisor and with her/him work out your schedule. Follow the directions exactly.
- 7) After completing the forms, you must file them personally in the Registrar's Office.
